Merry Christmas!

This has been such an incredible year, and each one of you have been a part of it. I want to say thank you to all of you for making it possible. Because of your generosity I was able to buy a house this year. It has been such a blessing to have a place to get away and relax for an hour or two at the end of a busy day. The house has been a great retreat for me.

Also, thanks to your generosity we were able to hire additional tutoring for the high school girls. As you know, preparing the older children for the future that God has for them is one of my goals. It is important to me that they not only have educational opportunities, but that they have the additional help they need to excel. Thank you for helping to make that possible for them.

Your support has made a difference in the lives of these children in innumerable little ways. You have helped feed and clothe them. You have provided for their medical needs. God has used you to provide for their daily needs. Thank you for allowing God to use you.

Francis is one of the high school girls who is benefiting from additional tutoring this year.

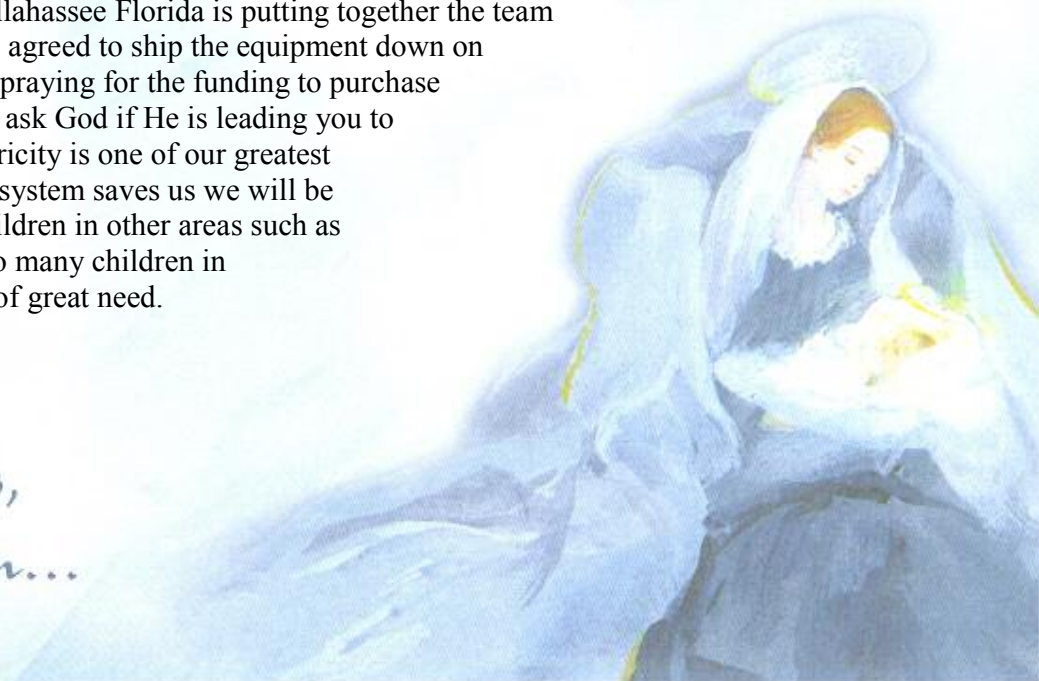

Thank you to all those who made the purchase of this house possible

I am excited about the coming year. We have many projects planned that will be such an improvement to the orphanage. We have someone coming in February to redo the plumbing system. Also, a very dear friend has donated a water filtration system that will be installed this year. This will make the water drinkable so that we will no longer have to buy bottled water. This will be a blessing.

The project that I am most excited about is the installation of a solar/wind system here. A manufacturer in the US has agreed to provide the equipment at cost. Four Oaks Community Church in Tallahassee Florida is putting together the team to install it. Another person has agreed to ship the equipment down on a container for us. We are now praying for the funding to purchase the equipment. Please pray and ask God if He is leading you to give towards this project. Electricity is one of our greatest expenses. With the money this system saves us we will be able to better provide for the children in other areas such as pre-vocational training. With so many children in high school now this is an area of great need.

*For unto Us,  
a Child is born...*

Thank you so much for standing with me this past year, and I pray that you will continue to do so during 2008.

In Christ,

*Joy Pulsifer*

Prayer needs:

1. That the children will grow in the knowledge and wisdom of Christ.
2. Health & Safety for the children
3. Provision for the care of the children.
4. That the children will excel in school the next school year.
5. Funding for the solar/wind system
6. Additional staff to care of and teach the children

The children love to play with play dough

Francis, Angelica and Irma.  
The girls are growing up so fast.

Martin learning to swim

Adan and Jonathan enjoyed decorating for Christmas.

Here is a friendly reminder to help you pray for us.  
Please feel free print and post somewhere or put it in your Bible as a devotional marker.  
If you write to us at

P.O. Box 431  
Kiln, MS 39556

We will send you a copy.
