

Child of the month

Nombre/Name: Nora
Edad/Age: 14
Fecha de nacimiento/Birthday:
julio/July 6
Likes: reading, volleyball,
basketball, watching movies

Nora came to live with us when she was five years old. Her mother had died and she had no family to take care of her. She is a wonderful loving girl. Next month is her quince año, her fifteenth birthday. This is a really big deal in Latin America. It is a celebration of a girl becoming a woman. We are having a big party. She gets to wear a big pink dress and we parade through the streets then come back here for a ceremony. Afterwards, everyone eats a lot of food and cake. It is basically like a wedding. Even the cake is like a wedding cake. Nora is very excited about it and so are we. Pray that everything goes well.

Nora with
her brother
Juan.

Hola Amigos,

Agua Pura

The water purification system is working perfectly and saving us money.

This is the hard element filter. It gets out all the trash that would clog the bacteria/ameba filter.

This is the bacteria/ameba filter. It provides us with safe drinking water. It is under the sink in the kitchen. Each set of filters cleans about 1700 gallons of water.

The water filter system was donated by Matthew Becker from Gulfport, MS. He sent the system down a year and a half ago, but it took a while to actually get it installed. Now that it is, we are saving about C\$1000 (US\$55) a month because we no longer have to buy jugs of purified water. Also, we frequently ran out of water when the water truck would not come for over a week. Now we no longer have to worry about not having clean drinking water. Thank you, Matthew.

Thank you for continuing to stand with me in this work.

In Christ,
Joy Pulsifer

Prayer Request:

1. Praise God for the completion of the solar system.
2. Praise God for clean drinking water.
3. That Nora will have a wonderful blessed quince año.
4. That God will bless all the young women here who are growing into such wonderful women of God
5. Wisdom as we teach the children to live for Jesus
