

## Child of the month

Nombre/Name: Brayan  
Edad/Age: 18  
Fecha de nacimiento/Birthday:  
Agosto/August 14  
Likes: drawing and painting

Brayan is not really a child anymore. He came to live with us when he was ten and has grown into a wonderful responsible young man. He was in the boy's home in Los Cedros for a few years, but now that he has turned eighteen he has moved back to Jinotega to work helping take care of the little boys here. He has been doing a wonderful job. He is still in high school and has good grades. He is a gifted artist, and I was excited to be able to find an art teacher here in Jinotega. He would like to be a professional artist, and I believe he has the talent to achieve this goal.

Please keep Brayan in your prayers as he seeks to fulfill God's purpose in his life. Thanks

**Hola Amigos,**

It is hard to believe I have lived in Nicaragua for almost five years. In that time, I have had the privilege of watching many of the children grown in to young men and women. It has been an honor and a great responsibility to help them as they find God's calling in their life. Our oldest, Angelica, just turned twenty-one. She graduated from high school last year and is continuing her studies at a technical school here in Jinotega. She is studying to receive her license as an executive secretary. Her sister, Irma, is in her last year of high school. She and Francys are also studying on Saturdays to receive their license as a beautician. After high school, she would also like to study and receive her license as an executive secretary. Francys has two more years of high school, but already has many plans for the future. As well as beauty school on Saturday, she also teaches English classes on Sunday afternoons. After high school, she wants to study law and be a human rights lawyer. I am so proud of all my children, and am thankful for the wonderful young people they are growing into.

### **Moving**

After prayerful consideration I have decided to switch mission agencies. The children's home where I work is under Globe International. My being under another agency has often caused confusion. I have decided to switch over and become a Globe missionary as well. The leadership of both BASIC and Globe International feel that this is the best decision. Globe International will now be handling all my finances and donations as well as newsletters. **You can continue to send donations to me at BASIC ministries until you receive a letter from Globe.** Please keep the move in your prayers. Pray especially for a smooth transition.

Thank you for your continued prayers and support.

In Christ,

*Joy Pulsifer*
